

**9th KPro Study Group Meeting,
Saturday April 12, 2014**

January 1st, 2014

Dear colleagues and friends,

The **9th Kpro Study Group Meeting** is rapidly approaching and we are all looking forward to welcoming you in Salzburg in the spring time, which is a great time of the year to visit!

This is also well known to many tourists and in addition this weekend is the start of the *Salzburg Easter Music Festival* that some of you might be familiar with.

It is therefore **crucial** that you start making your bookings for accommodations **as soon as possible** as many good locations (top class hotels, close to the city and hospital) will be booked quite some time in advance.

In addition there are probably not many *single* rooms available at that time of the year (many tourists travel as couples and so the hotels are geared for that need...).

The **VENUE** is:

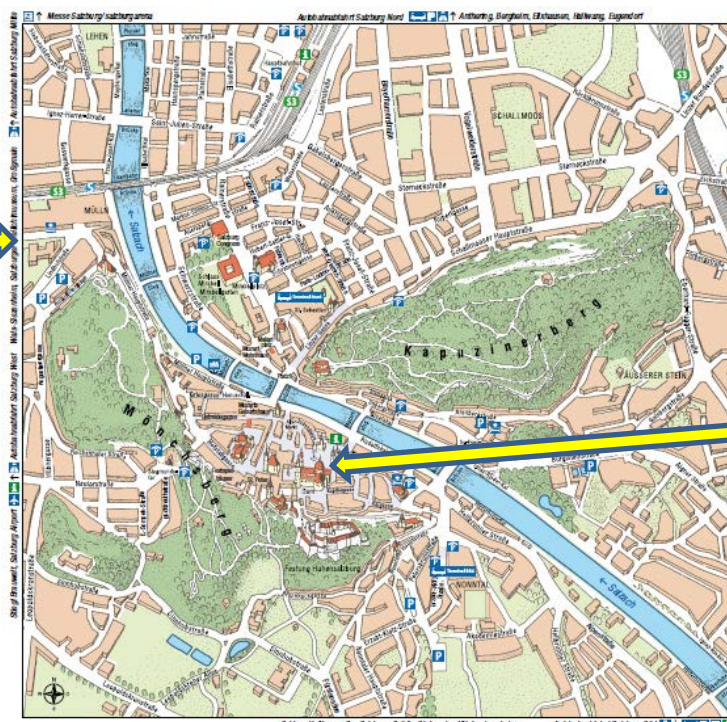

**The Main Lecture Hall of the
Landeskliniken Salzburg, Universitätsklinikum of the Paracelsus Medical University**

Address: Landeskliniken, Müllner Hauptstrasse 48, 5020 Salzburg

As the city of Salzburg is quite small the venue *can be easily reached from any hotel by taxi or bus or even on foot...*

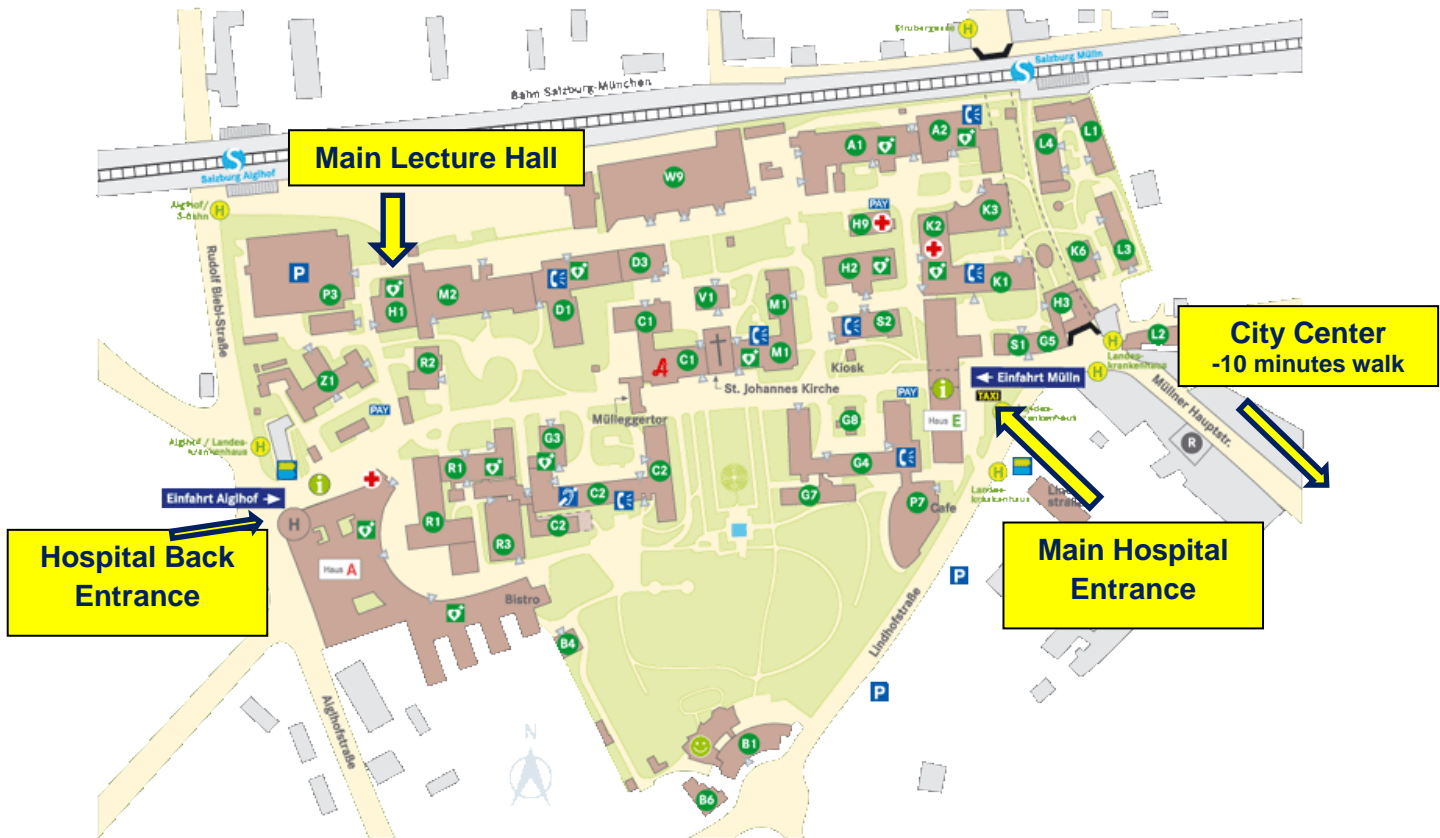

Here are some infos: <http://www.salzburg.info/en> <http://www.salzburg.info/de/maps>

**VENUE: LANDESKLINIKEN
UNIVERSITÄTSKLINIKUM OF
THE PMU**

**SALZBURG
CITY CENTER**

Attached find a **list of hotels** and a **link to hotels in the city**.

I will get printed information material from the "Fremdenverkehrsagentur" within a few days and will send a scanned version as additional information!

Dear colleagues and friends, we as the local organizers, cannot take responsibility for these bookings as this is a rather small congress on a quite low budget (no industry sponsoring at all)...

Jean-Marie Parel for the KPro SG Team, my own local organizing team and myself hope that these informations about Salzburg, the venue and the accommodations will be helpful for you and please do not hesitate to mail me personally at g.grabner@salk.at should you have any additional questions, problems and suggestions !

Wishing you a Happy and Successful New Year 2014!
See you in Salzburg soon !

With kind personal regards,

Dr. Günther Grabner

Prim. Univ.-Prof. Dr. Günther Grabner
